Dear ASA Families,

Have You Been Receiving Email Messages Before Today?

We recently discovered an error in the process of setting up new families in Infinite Campus. This error has resulted in several new families not receiving emails prior to today. Please accept our heartfelt apologies for this oversight. Please check the [Parent Communication](#) page of the ASA website for archives of all messages that have been sent to parents to see what you may have missed. This page can be found under the Current Families tab.

What Technology Does Your Child Use at ASA?

If you've ever wondered what kind of technology your child uses at ASA, check out the [Technology in Use With Students](#) page on the ASA website. This page can be found under the Current Families tab. You will find all the online resources we use with students, as well as their terms of use and privacy policies. We take your child's privacy very seriously, and utilize many tools to not only protect our students' personal information, but also to protect them from inappropriate and harmful content online.

Set Up Your Infinite Campus Parent Portal Account

Any K-8 parent who does not yet have an Infinite Campus Parent Portal account, should have received an email with set up instructions from Karen Szczytko earlier today. Infinite Campus is where you will find your child's teacher and contact info, schedule, report cards, and where you can make payments to your child's lunch account. Karen will send Infinite Campus instruction messages to preschool parents later on Monday, after all students have been assigned to classes.

Plan on Using the ASA Shuttle Bus?

If your student will be needing to ride the shuttle between campuses before or after school, please [sign up](#) before the first day of school. Students are asked to be ready to leave 5 minutes prior to the departure time.

Saints and Eagles Club

Apologies for the difficulty with the sign up form for Saints and Eagles club last week, it is fixed now. Music Lessons

My name is Claire Corriveau and I am a seasoned private music teacher with a degree in music from Columbia College Chicago. I have over a decade of experience teaching piano, voice, guitar and ukulele to a wide range of ages and skill levels and am now working to expand my in-person studio within my hometown! My students start their journey learning music of their choice, sparking interest and enthusiasm from the very

first lesson. Music theory and technical aspects are incorporated into each lesson, connecting to the current piece. This bespoke approach allows each student to flourish in their desired style and repertoire. We will work together to navigate this inspiring and often humbling path. In-person lessons are available at my home studio, located at Hollywood and Fuller Ave. All ages and skill levels welcome! Please contact me at CorriveauMusic@gmail.com for scheduling. Check [out this flyer](#) for more information.
